

korfian

Korfian is the moniker of Athens-based Graphic Designer Spyros Psarras. Since 2017, Korfian has been crafting his unique sound, evolving from raw experimentation into a polished fusion of haunting vocals, introspective storytelling and electronic textures.

From the enigmatic Baroque, Event Horizon and Postfire to the commanding Legacy and Propaganda, Korfian's music has grown into a bold commentary of the modern age. His latest album, Digital Brutalism, delves into the intersection of brutalist aesthetics and digital existentialism. It's a powerful narrative about apathy, identity and the search of meaning in the fractured reality of modern life.
